## GUIDED VISITS PACKAGE

- **Guided visit of Perugia**

The city lies on a hill and its charming historic center is surrounded in part by Etruscan walls and in part by medieval walls. Enjoy a visit of the city in the company of a guide expert in art history, starting from one of the most important squares in Italy: Piazza IV Novembre, the monumental and social center of the city with, in the center, the Fontana Maggiore, a sculptural masterpiece by Giovanni and Nicola Pisano, elegant in its lines and shapes. Continue inside the National Gallery to discover the prestigious collection that includes a great variety of works, ranging from paintings on wood, canvas and murals, to wood and stone sculptures, goldsmiths and fabrics.

- **Guided visit of Orvieto**

A guided walk in the charming historic center of Orvieto, one of the oldest cities in Italy. We begin with the exploration of the famous Well of San Patrizio, a work of fine civil engineering, inspired by the spiral staircase of the Villa del Belvedere in the Vatican and characterized by an ingenious helical system of steps that allows you to go down and up the well without that the two paths meet each other. We then continue with a walk through the historic center, to finally reach the marvelous Piazza del Duomo and conclude with a visit to the Cathedral, whose unique facade makes it a symbol of the city itself and identifies it as one of the most beautiful cathedrals in Italy and of the world.
